2025-04-14

Assessor Name

Yvonne Zhang

Assessor Feedback

Hand hygiene was missed after glove removal when taking out the wipes please ensure this step is not overlooked. A few used bibs were also left behind and required a prompt for disposal. Remembering these steps is important for maintaining proper infection control.

You needed to pause and think through some steps during the procedure, which affected your flow. Working on your time management and becoming more familiar with the sequence will help improve your efficiency and confidence moving forward.

Time Mgmt

Lvl 4: Manages time to complete simulation or clinical procedures, dental records (clinic only) and assessment forms within the allocated timeframe

Entrustment

Lvl 3: Student can be trusted to perform task with indirect supervision

Communication

Lvl 2: Matches verbal and non-verbal communication strategies to the message being communicated.

Professionalism

Lvl 2: Presents as a professional (e.g. clothing, hair, on-time etc.)
