Assessor Feedback

-You arrived late for your assessment and needed time to adjust your uniform, which suggested a lack of preparation. For future assessments, please ensure you arrive on time and are ready to begin promptly, as this reflects professionalism and respect for the process.
-When removing the dirty instruments, you did not take the suction adaptor and triplex with you as required. Additionally, patient bibs were left in both the clean area and the clean-up zone instead of being disposed of appropriately. Please ensure all items are removed and waste is disposed of correctly.
-Did not do hand hygiene after removing gloves three times.
