11.3 Recognize and manage common intra-operative and post-operative surgical complications

- Completed with substantial assistance
- Completed with minimal assistance
- Completed independently (competent)
- No basis for evaluation

11.4 Recognize when specialist oral surgical care is indicated and make appropriate referral

12.1 Appropriate professional attire and appearance

12.2 Punctual and prepared for clinic

12.3 Speaks respectfully to parents and patients

12.4 Self-evaluates clinical performance

12.5 Seeks appropriate faculty advice

12.6 Alters behaviour based on faculty advice

Competent to work semi-independently at Royal Children's Hospital

Final Grades

Describe the strongest aspects of the student's performance, including examples of noteworthy incidents

Date	Staff	Comments
2025-11-06	Nicky Kilpatrick	Emma has grown in self confidence and is now presenting well and taking responsibility for planning and implementing patient care. This in turn gives supervisors like me (and her patients) confidence.
2025-11-06	Heshani Kellapatha	-Good crown preparation and crown insertion -Good treatment planning -Good efficiency
2025-11-07	Wendy Cheney	Dr. Levy has made significant progress towards competence in all aspects of her clinical work. Her diagnostic skills are solid and she is more confident in her treatment planning decisions - however she seeks advice appropriately. Dr. Levy has friendly and calming demeanour which translates into wonderful rapport with her patients and their families. A great second year's work - congratulations
2025-11-08	Dharini Ravindra	I've only supervised Emma once in GA this semester but I noted she had particularly excellent treatment planning on that occasion.
2025-11-10	Daniel Andreasen-Cocker	See daily comments
2025-11-10	Mihiri Silva	Welld one to Emma on a very successful year. Emma has been able to navigate some very complex cases at RCH, both on call and during regular clinical sessions. She has demonstrated enthusiasm to take on challenging cases and consults senior staff as necessary. She is on track to develop into a well rounded, highly skilled specialist.

Describe any aspect of the student's performance where he/she needs to spend more time and effort. Include any examples of critical incidents

Date	Staff	Comments
2025-11-06	Nicky Kilpatrick	keep doing what you are doing. Going well
2025-11-08	Dharini Ravindra	Emma has improved a lot this year and is much more confident with GA treatment planning and pulpotomy procedures.
2025-11-10	Mihiri Silva	Use the remaining training to really consolidate her skills.
