- Completed with substantial assistance
- Completed with minimal assistance
- Completed independently (competent)
- No basis for evaluation

11.4 Recognize when specialist oral surgical care is indicated and make appropriate referral

Competent to work semi-independently at Royal Children's Hospital

Final Grades

Describe the strongest aspects of the student’s performance, including examples of noteworthy incidents

Date	Staff	Comments
2025-11-06	Nicky Kilpatrick	Raksha is a great all round clinician. She is professional at all times and flexible in her approach to patient care. I wish her well in her career.
2025-11-07	Wendy Cheney	Dr. Basker really hit her stride in this last year of the program - despite having to take on a significant number of additional clinical sessions. She has developed into a highly competent specialist paediatric dentist with a wonderful future ahead. I would like to thank her for the leadership role she took on - often mentoring her under-classmates. It has been a privilege and a pleasure to be witness to Dr. Baskar's postgraduate studies. Many well-deserved congratulations!!
2025-11-10	Daniel Andreasen-Cocker	See daily comments
2025-11-10	Mihiri Silva	Raksha has developed into a thoughtful, competent and well-rounded paediatric dentist. She has excellent rapport with patients, families, colleagues and others. She always provides dental treatment of an exceptional standard, is well prepared and ensures she follows through to ensure optimal outcomes for patients and the clinical service.

Describe any aspect of the student's performance where he/she needs to spend more time and effort. Include any examples of critical incidents

2025-11-10	Mihiri Silva	I cannot think of anything at present. I just think that Raksha now needs to take some time to consider what the next 5-10 years of her professional life will look like as I think she could offer a lot to the profession and field.
